

The Preschool at All Saints

## **2020-21 Financial Policies Addendum**

### **Pandemic Delay or Mid-Year Closing of School**

- If DeKalb County School System announces a delayed building opening for the month of September, PAS will delay opening our building.
- If DeKalb County decides to teach using a virtual method during a September delay, PAS will teach the Fives (5s M-F) and Fours (4s M-F and 4s T-F) classes in order to prepare for elementary school, using a virtual method. No other classes at PAS will receive virtual teaching in September.
- In this scenario, despite a building opening delay, the Fives and Fours classes will continue using a virtual model and therefore, tuition will not be refunded nor credited to the current year.
- For all classes except the Fives and Fours, if a September delay is two weeks or less, tuition will not be prorated, refunded or credited.
- For all classes except the Fives and Fours, if a delay is more than two weeks, tuition will be prorated and credited to the current year's tuition schedule.
- If DeKalb County School System announces a mid-year closing, PAS will continue to teach all classes using a virtual model. Tuition will continue to be collected and will not be refunded nor credited.
- In the very unlikely situation that we are unable to open during the 2020-21 School Year, parents for all classes except the Fives and Fours will have the choice to either receive a refund for all tuition and materials fees paid or credit these funds to the following school year.
