WHAT IS PLAYBALL?

Playball is a unique program in that it uses sports as the means to build competence in all aspects of participants' lives including the emotional, social, cognitive, and physical. While Playball students learn the foundational skills needed for all major American sports, the program is unlike any other.

WHAT MAKES PLAYBALL DIFFERENT FROM OTHER SPORTS PROGRAMS?

Playball is not just another ball and stick program. It is a highly specialized program, created by, and continually updated by sports experts, occupational therapists and education specialists. By giving children competence in sports, we help them develop skills that are not associated with sports at all.

HOW DOES PLAYBALL HELP CHILDREN?

We use the medium of sports to improve gross motor development, increase concentration skills, build low muscle tone, teach competence in hand-eye/foot-eye coordination, and improve balance; but sport is also used to teach basic, yet essential life skills. At Playball your children will learn persistence, courage, cooperation, respect, positive relationships, self-worth, communication, responsibility, and countless other attributes. We address the needs of the whole child – dealing with the emotional, social, cognitive, and physical.

WHO CAN SIGN UP FOR Playball?

Playball is for children 2 to 5 years old. It is created to suit the needs and abilities of ALL children – to give them the confidence to participate in all activities, both on and off the field. At Playball, children learn the basis for such sports as baseball, basketball, hockey, tennis, soccer, volleyball, and more.

WHO WILL BE COACHING THE CLASSES?

Our amazing coaching staff has extensive and diverse experience in working with children and sports. Each coach has successfully completed a Bright from the Start background and fingerprinting check, specifically for working with children. Our coaches are compassionate, fair, reliable, enthusiastic, creative, sensitive, and patient. Our coaches work very hard to get to know each child and tailor the program to meet their specific needs. Each coach has been trained and is required to be re-trained twice yearly on the proprietary Playball program.
