Classes will be held in the Social Hall at All Saints Catholic Church

About the class: During this lecture, we will embark on a comprehensive journey through time, examining the various forms of Christian anti-Judaism that have plagued societies across centuries. Through engaging narratives, historical accounts, and thought-provoking analysis, attendees will gain a profound understanding of the underlying ideologies and stereotypes that have fueled antisemitism as well as contemporary efforts to set Jewish and Christian communities on a new path of genuine fellowship.

This unique adult education class is being offered in partnership with All Saints Catholic Church and the Bearing Witness Institute for Interreligious and Ecumenical Dialogue at Marist School.
