Results read by a board-certified radiologist and available for your review online (with PDF download) typically, within 1 week. You will receive an email/text when ready. Mailed, hard-copy results incur an extra cost. Life threatening results expedited. Unless you are symptomatic, typically, your doctor will not order diagnostic versions of these screenings and insurance companies may not pay for them. Please note that there is a 300 lb. weight limit on the medical screening tables.
